Angst: Breaking the Stigma Around Anxiety is a documentary that looks at anxiety, its causes and effects, and what we can do about it. Angst will feature interviews with kids and young adults who suffer or have suffered from anxiety, and what they've learned. The film also includes experts charged with helping people manage their anxiety, and those who focus on researching its causes and sociological effects, while offering tools and resources that provide hope.

The project will explore a conversation about anxiety from a peer-to-peer standpoint that is intimate, honest and accessible.

Families, educators, students, employees and members of any community will benefit from this film (appropriate for age 10 years+).

Anxiety

## Free Movie Presentation of "Angst"

This film is suitable for ages 10 and above. The movie will be followed by a Student Discussion Panel.

### Film maker Comments:

The film is reflecting what we see. Anxiety is the precursor to so many mental health challenges. By opening a dialogue and normalizing (not trivializing) anxiety we can help each other and ourselves. In the process we may positively affect homelessness, addiction, suicide and a host of other issues.

Spread the word. Believe change is possible. These screenings bring kids, parents, and educators together to talk about this universal issue, share personal stories, and provide resources and tools. There is power in solidarity. The more you share, the more we connect. Share this film in your community because watching it alone on your couch does not create the same effect as watching it with others.

When: Wednesday, September 12, 2018 from 7:00 PM to 8:30 PM (PDT)

Where: Campolindo Performing Arts Center - 300 Moraga Road, Moraga, CA 94556
